Overall Height:

6.96 inches

Overall Length:

20.83 inches

Overall Width:

4.88 inches

Refrigeration Flow Rate In Tons Per Hour:

2.019

End Application:

Marine chiller 128, 000 btu mfr id: fm120cw-ed-3

Usage Design:

Refrigeration unit

Tube Material:

Steel, corrosion resisting

Cooling Type:

Air

Product Name:

Navy: evaporator; cage: brazed plate evaporator

Special Features:

12 ton; stainless steel plates brazed with 99.9% pure copper

Shape:

Horizontal rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T240-f
