Overall Width:

5.875 inches

Body Thickness:

Between 0.09 inches and 0.15 inches

Design Type:

Limited

Bodylength:

10.875 inches

Filtering Media Design:

Slit single filtering media response

Product Name:

Dust filter

Special Features:

Slit to be .014; filter foam .125 30 ppi fully reticulated

Material:

Plastic polyurethane filtering medium

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
