Width:

1.530 inches

Diameter:

2.500 inches

Blade Quantity:

28

Attachment Method:

Setscrew

Rotation Direction For Which Designed:

Clockwise

Special Features:

Cw rotation as viewed from closed side of wheel

Material:

Aluminum

Style Designator:

Curved blades single width

Reference Number Differentiating Characteristics:

As differentiated by aluminum hub; dynamic balancing to 0.009 oz inches at 2000 rpm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
