- Width:**
0.970 inches
- Diameter:**
2.500 inches
- Attachment Method:**
Setscrew
- Blade Shape:**
Forward curve
- Special Features:**
Cw rotation viewed from closed side of wheel; steel hub w/zinc finish; flat black lacquer blades; 13000 rpm max.
- Material:**
Aluminum blade
- Style Designator:**
Curved blades double width
- Reference Number Differentiating Characteristics:**
As differentiated by finish
- Shelf Life:**
N/a
- Unit Of Measure:**
--
- Demilitarization:**
No
- Fig:**
A087a0
