Diameter:

8.000 inches

Blade Quantity:

5

Attachment Method:

Setscrew

Hub Location:

Center

Special Features:

Hub located on back of fan facing air flow

Material:

Aluminum

Style Designator:

Rounded tip

Reference Number Differentiating Characteristics:

As differentiated by material, bore diameter and special features

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
