Diameter:

12.000 inches

Blade Quantity:

4

Attachment Method:

Setscrew

Hub Location:

Center

Special Features:

Hublocated on back of fan

Material:

Aluminum

Style Designator:

Overlapping rounded tip

Reference Number Differentiating Characteristics:

As differentiated by the blade material, impeller rotation direction, impeller hub style, bore diameter andspecial features requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A087a0
