**Diameter:**

12.000 inches

**Blade Quantity:**

4

**Attachment Method:**

Setscrew

**Hub Location:**

Center

**Special Features:**

Hublocated on back of fan

**Material:**

Aluminum

**Style Designator:**

Overlapping rounded tip

**Reference Number Differentiating Characteristics:**

As differentiated by the blade material, impeller rotation direction, impeller hub style, bore diameter andspecial features requirements

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A087a0
