**Diameter:**

4.000 inches

**Blade Quantity:**

4

**Attachment Method:**

Setscrew

**Rotation Direction For Which Designed:**

Clockwise

**Hub Location:**

Front

**Material:**

Aluminum

**Style Designator:**

Rounded tip

**Reference Number Differentiating Characteristics:**

As differentiated by material, surface treatment, impeller hub style, bore diameter and clockwise rotation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A087a0
