Diameter:

24.220 inches

Blade Quantity:

4

Attachment Method:

Setscrew

Hub Location:

Back

Special Features:

Air flow over the motor through the blades

Material:

Aluminum

Style Designator:

Straight tip

Reference Number Differentiating Characteristics:

As differentiated by special features and hub location

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
