End Application:

E-3a aircraft

Electrical Connection Type:

Cord w/attached plug

Drive Type:

Direct

Prime Mover Type:

Electric motor

Inclosure Type:

Fully enclosed

Voltage In Volts And Current Type:

115.0 ac

Product Name:

Test adapter blower assembly

Phase:

Three

Special Features:

Provides cooling air to the thermal line printer, punched tape reader and magnetic tape transport when these units are placed on an electronics work bench for fault isolation and checkout. Consists of the blower case with a 3-phase induction type, squirrel cage, ccw rotation motor mounted on six vibration isolators. A 3-pole, 2 amp on-off circuit breaker/switch and a green-lens power-on lamp are mounted on top of the blower case. Folding carrying handles are mounted on each end of the case. A slim-line screen is mounted over the air intake opening of the case to prevent foreign objects from entering the blower fan

Frequency In Hertz:

400.0

Material:

Steel blade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A087a0
