Overall Length:

18.500 inches

Overall Width:

9.630 inches

End Application:

Nsn6115014620290, generator set, diesel engine

Mounting Method:

Hole

Body Material:

Aluminum alloy

Special Features:

Mat sheet, .063 al alloy per uns a95052-h32 in accordance with astm b 209, perforated .188 dia. Holes on .312 staggered centers

Surface Treatment:

Paint

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505h0
