**Overall Length:**

18.500 inches

**Overall Width:**

9.630 inches

**End Application:**

Nsn6115014620290, generator set, diesel engine

**Mounting Method:**

Hole

**Body Material:**

Aluminum alloy

**Special Features:**

Mat sheet, .063 al alloy per uns a95052-h32 in accordance with astm b 209, perforated .188 dia. Holes on .312 staggered centers

**Surface Treatment:**

Paint

**Shape:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505h0
