Overall Length:

18.500 inches

Overall Width:

9.500 inches

End Application:

Nsn 6115014620291, generator set, diesel engine

Mounting Method:

Hole

Body Material:

Aluminum alloy

Special Features:

Mat sheet, .063 stk aluminum alloy, uns a95052-h32 per astm-b209, perforated, 0.187 holes on .312 staggered centers

Surface Treatment:

Paint

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505h0
