Static Pressure At Specificationified Air Flow Rate:

0.30 inches of water

Drive Type:

Direct

Rotation Direction For Which Designed:

Counterclockwise

Air Flow Rate:

175.0 cubic feet per minute

Special Features:

Housing metal with metal impeller

Style Designator:

Fixed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A087a0
