End Application:

Fan, centrifugal

Mounting Facility Type And Quantity:

3 bracket

Outlet Location:

Top

Discharge Direction:

Horizontal

Product Name:

Industrial exauster

Special Features:

Bwheel diameter is 22.625 in; outlet is 11.875x11.875 in; length of unit is 40.625 in; width of unit is 26.750 in; type of wheel (ah) is for air handling -- it must have all clean air

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
