Operating Speed At Rated Capacity In Rpm:

3450.0

End Application:

Fan vnxl 5000cfm

Prime Mover Power Rating:

5.000 horsepower

Product Name:

Marine duct axial blower

Phase:

Three

Special Features:

Part number a44m-186da-stfql2 breakdown: a-production item, 44-product series, m-marine duty, 18-siz (wheel diameter in inches) , 6-number of blades for axial, da-blade or wheel code, st-material is steel, fq-motor enclosure, l-5 horsepower, 2-motor rpm/phase is 3450

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
