Operating Speed At Rated Capacity In Rpm:

3450.0

End Application:

Fan vnxl 2500cfm

Prime Mover Power Rating:

2.000 horsepower

Product Name:

Marine duct axial blower

Phase:

Three

Special Features:

Part number a44m-146da-stfqj2 breakdown- a-production item, 44-product series, m-marine duty, 14- wheel diameter in inches, 6-blades for axial, da- blade type, st-material is steel, fq- motor enclosure, j- motor horsepower is 2, motor rpm/phase is 3450 (code 2)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A087a0
