Overall Height:

5.0 millimeters

Overall Diameter:

89.4 millimeters

End Application:

Recording subsystem, sdv mk8 mdd1 (new build)

Mounting Method:

Machine bolt or machine screw

Body Material:

Steel

Special Features:

Guard has 6 equidistant 1.6mm diameter rings; the ribs have diameter of 1.8mm; distance between successive mounting rings is 82.4mm; fan diameter is 92mm

Surface Treatment:

Chromate

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505h0
