End Application:

Filtered enclosure, hepa

Unpackaged Unit Width:

8.750 inches

Unpackaged Unit Height:

2.830 inches

Component Quantity:

1

Special Features:

Motorized impeller with 2656 rpm at 96 watts; 115 volts; 50/60 hz; wiring is 17.0 inches in length with four conductors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23800
