End Application:

An/fps-13 (v)1 and (v) 2 data and signal processor assemblies

Product Name:

Fan assembly, hot swap

Special Features:

Consists of two fans in assembly capable of holding three fans

Functional Description:

Mounts on front of rackmounted r-brick 013-3037-002 or 013-3037-004 providing cool air for electronics

Reference Data And Literature:

To 31p6-2fps132-41 and -141

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
