Overall Length:

28.820 inches

Overall Width:

6.000 inches

End Application:

4910-01-539-6129

Mounting Method:

Machine screw or sheet metal screw

Body Material:

Aluminum

Product Name:

Shiel, airflow, shroud, ecu

Special Features:

Specific matl iaw astm b221, 6061-t6, thickness is 0.130 inch; refer to drawing for additional details

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505h0
