Bore Type:

Plain straight

Center To Center Distance Between Link And Shaft Holes:

2.812 inches

Shaft End Thickness:

0.875 inches

Link End Thickness:

0.312 inches

Special Features:

Offset height: 0.375 in.

Material:

Aluminum alloy

Material Specification:

Qq-a-356, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524p0
