Overall Length:

2.000 inches

Special Features:

Matl copper alloy; inlet thd location is external/thd size 0.562 in.-18; thd series designator chemical hose; outlet discharge opening diameter 0.375 in.

Specification Data:

81349-mil-s-33656 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A526c0
