Overall Length:

3.875 inches

Overall Height:

5.875 inches

Overall Width:

5.500 inches

Current Rating:

1.000 amperes

Maximumlength:

3.875 inches

Maximumwidth:

5.500 inches

Maximumheight:

5.875 inches

Voltage In Volts And Current Type:

115.0 ac

Case Material:

Copper alloy and stainless steel

Special Features:

Control head (cable operated); for co2, halon, and fm200

Material:

Copper alloy and stainless steel

Supplementary Features:

Bronze and stainless steel constructed, internally thd valve connection 1.250-20un thd size; 115 volt ac, 1.0 amps; w/manual option, cable or lever

General Description:

Bronze and stainless steel constructed, internally thd valve connection 1.250-20un thd size; 115 volt ac, 1.0 amps; w/manual option, cable or lever 5.875 in. H, 5.500 in. W, 3.875 in. Lg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
