End Application:

2350-01-087-1095 tank, m1a1

Special Test Features:

Operating pressure 1800 psig min. Fragmentation rqmts per mil-c-7905

General Description:

Material steel. Dimensions: o/a lg 14.000 in nom, max diameter 5.266 in min and 6.422 in max. Port hgt 0.720 in min and 0.780 in maximum port od 1.970 in min and 2.030 in max. Color: red. Volume: h₂O at 70 degrees f. To be 204 plus 30 to minus 0 cu in. Contents: monobromotrifluoromethane-halon 1301

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
