Container Material:

Steel, corrosion resisting

End Application:

Fire extinguishing sys halon 1301

Charge Design Type:

Low temperature

Unit Type:

Charged

Capacity Rating:

5.7 pounds

Extinguishing Agent For Which Designed:

Bromotrifluoromethane

Extinguishing Agent Discharge Method:

Cartridge

Product Name:

Inavy)fire extin w/o cartridge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T278-b
