Cross Sectional Shape:

Round

Outside Diameter:

1.750 inches

Burst Test Pressure:

900.0 pounds per square inch

Hydrostatic Test Pressure:

600.0 pounds per square inch

Outer Covering Environmental Protection:

Mildew resistant and oil resistant and ozone resistant and abrasion resistant

Media For Which Designed:

Water single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
