Inlet Connection Type:

Threaded

Screw Thread Series Designator:

Nh

Screw Thread Qty Per Inch (tpi):

7.5

Installation Design:

Fixed or portable

Inlet Connection Quantity:

1

Output Capacity:

50.0 gallons per minute

Thread Diameter:

2.500 inches

Rotating Device Type:

Hand lever

Err Default:

Err default

Special Features:

Inlet pressure 100 psi; discharge end 6.875 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
