Prime Mover Quantity:

1

Prime Mover Type:

Diesel engine

Design Type:

Multipurpose air transportable

Pump Drive Type:

Power take-off

Pump Capacity:

1250.0 gallons per minute

Pump Type:

Rotary

Tank Capacity:

5000.0 gallons

Extinguishing Agent For Which Designed:

Water

Water Tank Quantity:

1

Aerial Ladder:

Not included

Front Wheel Drive Feature:

Not included

Cab Design:

Closed

Functional Classification:

Kk-1.1

Special Features:

Manual emergency engine shutdown; electric fuel priming pump; driver controlled high idle switch; red/blue strobe type warning lights; dual stutter tone air horns; 100 watt electronic siren with volume control and selection of radio, pa, manual, yelp, wail and hi-lo siren modes; cab roof mounted spotlights; when specified a driver controlled magnetic drive line retarder, driver controlled engine compression retarder; 5000 gal. Water tank-either stainless steel, fiberglass or polypropylene designed for salt or fresh water; 50 gal fuel tank

Functional Description:

Water tanker can be independently used or can resupply other trucks

Entry Date:

05-06-02

Supplementary Features:

Capable of operating in temperatures: ranging from 0 to 125 degrees f, when specified a winterization system shall extend operational range of the truck pump & piping to minus 40 degrees f; when specified the engine & pumping system operational design elevation shall be 8000 ft above sea level

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
