Integral Strainer:

Not included

Head Type:

Spray

Connection Thread Size:

1/2 in.-14

Connection Thread Location:

External

Connection Thread Series:

Npt

Flow Capacity At Specificationified Pressure Rating:

18 gal per min at 95 psi

Spray Angle Pattern:

180.0 degrees

Material:

Copper alloy

Material:

Copper alloy

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-n
