Wall Thickness:

0.020 inches

End Application:

C130j hercules aircraft

Tubing Material:

Steel, ams 5566

End Connection Style:

Unthreaded external all ends

Tube Outside Diameter:

0.625 inches

Special Features:

750 degree farinheht operating tempterature; working medium, fire suppressant is bromo chloromethane

Material:

Steel, ams 5566 all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
