**Integral Strainer:**

Not included

**Head Type:**

Fog

**Connection Thread Location:**

External

**Connection Thread Series:**

Npt

**Flow Capacity At Specificationified Pressure Rating:**

5 to 40 gpm at 100 psi

**Spray Angle Pattern:**

120.0 degrees

**Special Features:**

Female base; constant flow; lgth 2.000 in

**Material:**

Brass

**Material:**

Copper alloy

**Media For Which Designed:**

Water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T278-n
