Integral Strainer:

Not included

Head Type:

Fog

Connection Thread Location:

External

Connection Thread Series:

Npt

Flow Capacity At Specificationified Pressure Rating:

5 to 40 gpm at 100 psi

Spray Angle Pattern:

120.0 degrees

Special Features:

Female base; constant flow; lgth 2.000 in

Material:

Brass

Material:

Copper alloy

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-n
