**End Application:**

Fm-200 sys actuator sys

**Charge Design Type:**

Standard

**Design Type:**

Hand

**Unit Type:**

Charged

**Valve Type:**

Penetrating seal

**Capacity Rating:**

5.0 pounds

**Extinguishing Agent For Which Designed:**

Carbon dioxide

**Extinguishing Agent Discharge Method:**

Stored pressure

**Cylinder Type:**

Nonshatterproof

**Special Features:**

5.25in diameter at base and 19.875in tall; manual operated co2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T278-b
