Container Material:

Steel

Capacity Rating:

2.5 pounds

Control Device Type:

Squeeze-grip

Extinguishing Agent For Which Designed:

Hydrochlorofluorocarbon

Special Features:

Discharge agent - hydrochlorofluorocarbon; nozzle application; height - 15.500 inch; width - 5.500 inch; diameter - 3.000 inch; range - 6 to 10 ft; discharge time 9 seconds; valves material - aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
