End Application:

Halon system ship serv gen set

Design Type:

Automatic and hand

Valve Type:

Permanent shut-off

Capacity Rating:

Any acceptable

Control Device Type:

Any acceptable

Extinguishing Agent For Which Designed:

Carbon dioxide

Cylinder Type:

Nonshatterproof

Product Name:

Manual/electric co2 actuator assembly

Special Features:

Valve assembly, manual/electric 1; co2 cylinder 1; co2 1; lead wire seal 1; lever 1; ring pin 1; chain 1; handle 2; length of assembly is 22.75 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
