Container Material:

Any acceptable

Charge Design Type:

Standard

Design Type:

Hand

Unit Type:

Charged

Capacity Rating:

23.7 pounds

Extinguishing Agent For Which Designed:

Vaporizing liquid and chlorotetrafluoroethane

Extinguishing Agent Discharge Method:

Stored pressure

Special Features:

Agent weight 23.7 lbs; 700 cubic feet protection using extinguishing agent fe-241 chlorotetrafluoroethane; manual operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
