End Application:

Boat, unmanned, 40 foot 40uc0701

Design Type:

Automatic

Capacity Rating:

64.7 pounds

Extinguishing Agent For Which Designed:

Heptafluoropropane

Product Name:

Sea-fire fm-200 automatic fire extinguishers, fd series

Special Features:

volume of protection is 900.0 cubic ft; diameter is 8.0 in (nom); height is 32.25 inches (nom); tested performance to minus 40.0 degrees fahrenheit; light weight compact corrosion resistant aluminum cylinder and valve; factory refillable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
