**Head Type:**

Sprinkler

**Connection Thread Size:**

1/2 in

**Connection Thread Location:**

External

**Connection Thread Series:**

Npt

**Product Name:**

Upright sprinkler

**Spray Angle Pattern:**

360.0 degrees

**Special Features:**

2.2in sprinkler height; k factor u.S. 5.6 (metric 80); frangible glass bulb activated; use model d wrench for installation

**Media For Which Designed:**

Water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T278-n
