**Design Type:**

Chemical foam or water

**Output Capacity:**

500.0 gallons per minute

**Discharge Type:**

Fog and solid stream

**Product Name:**

Nozzle, fire hose

**Special Features:**

100 psi; 150 ft at 100 psi range (straight stream); 2.5 inch nh (f) swivel water inlet; 1.5 inch npt (m) foam concentrate inlet; 1%/3%/6% proportioning

**Material:**

Copper alloy

**Media For Which Designed:**

Chemical foam or water

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A555f0
