Design Type:

Chemical foam or water

Output Capacity:

500.0 gallons per minute

Discharge Type:

Fog and solid stream

Product Name:

Nozzle, fire hose

Special Features:

100 psi; 150 ft at 100 psi range (straight stream); 2.5 inch nh (f) swivel water inlet; 1.5 inch npt (m) foam concentrate inlet; 1%/3%/6% proportioning

Material:

Copper alloy

Media For Which Designed:

Chemical foam or water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A555f0
