End Application:

7400615-0 (90536) tst and integration fac

Furnished Items And Quantity:

Commercial grade metal valve and trigger 1; pressure gauge 1; wall bracket 1

Design Type:

Hand

Extinguishing Agent For Which Designed:

Ammonium phosphate

Extinguishing Agent Discharge Method:

Stored pressure

Product Name:

3-a: 40-b: c heavy duty plus fire extinguisher-rechargeable

Special Features:

Extinguisher classifications are a, b, and c; 2 packs per case; model number (used and listed by ul is fe3a40gr)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
