Container Material:

Brass

End Application:

NSN5-43-001-4877

Design Type:

Stationary

Capacity Rating:

10.0 pounds

Control Device Type:

Squeeze-grip

Extinguishing Agent For Which Designed:

Ammonium phosphate and dry chemical

Extinguishing Agent Discharge Method:

Stored pressure

Cylinder Type:

Nonshatterproof

Container Surface Treatment:

Chrome plated

Product Name:

Fire extinguisher 10t, 4a: 80b: c

Special Features:

Non-dot cylinder

Relationship To Similar Equipment:

Similar to dot rated cylinder model 441

Type/model Designation:

B441

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T278-b
