Cross Sectional Shape:

Round

Inside Diameter:

Between 75.80 millimeters and 76.60 millimeters

Tempurature Rating:

0.00 degrees fahrenheit and 158.00 degrees fahrenheit single response

Outside Diameter:

Between 88.60 millimeters and 92.60 millimeters

Measuring Method And Length:

10.00 feet

Product Name:

Hose, suction

Special Features:

Storz x storz size 3 inch. Hose construction: flexible tube clear pvc, reinforcement-black rigid pvc. Full vacuum at 70 degrees fahrenheit.

Material:

Plastic polyvinyl chloride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
