Size Designation:

Large

Special Features:

Two-piece design allows for optimal protection in a variety of water temperatures. The step-in jacket can be worn alone or paired with a john for a full-length protection and a double-layer of insulation around the body's core. The interior covers 100-percent of both pieces, so divers always get the thermal and anti-microbial benefits of the high-performance neoprene.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T352-f
