Overall Length:

3600.000 inches

Overall Width:

60.000 inches

Product Name:

Herculite yellow nylon reinforced vinyl nuclear grade 60in w 300ft l

Special Features:

Yellow, nuclear grade; 10 military seg/durtek; incinerable; used for radioactive contamination and hazmat applications; material: herculite and nylon reinforced vinyl; 60 in w x 300 ft l roll

Functional Description:

Used for radioactive contamination and hazmat applications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A523k0
