Overall Length:

8.0 feet

Overall Width:

8.0 feet

Height:

8.0 inches

Product Name:

8'x8'x8" modular channel berm intersection extension

Functional Description:

Intersection extension of modular hose spill containment system with folding brace system that features supports that lock the wall in an 8" high 90 degree vertical position when deployed; support has no external inclined leg support or feature above 1.5" from the ground; user shall pull up on the perimeter wall and it will spring into a locked detent fully vertical position; to lower the wall, user pushes the wall inward to overcome the detent lock and allows wall to lay flat to the floor; no insertion, snapping, tucking or assembly required; open ends have tongue and groove closures that form a liquid tight seal with the next modular unit

Material:

Plastic polyurethane

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A523p0
