Overall Length:
10.0 feet
Overall Width:
4.0 feet
Height:
8.0 inches
Product Name:
4'x10'x8" modular channel berm modular middle section
Functional Description:
Middle section of modular hose spill containment system with folding brace system that features supports that lock the wall in an 8" high 90
degree vertical position when deployed; support has no external inclined leg support or feature above 1.5" from ground; user shall pull up on
perimeter wall and it will spring into locked detent fully vertical position; to lower wall user pushes wall inward to overcome detent lock and
allows wall to lay flat to floor; no insertion, snapping, tucking or assembly required; open ends have tongue and groove closures that form
liquid tight seal with next modular section
Material:
Plastic polyurethane
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A523p0
