Overall Length:
24.0 feet
Overall Width:
12.0 feet
Height:
8.0 inches
Product Name:
12'x24'x8"modular channel berm pump/tank containment
Functional Description:
Pump/tank containment section of modular hose spill containment system with folding brace system that features supports that lock the wall
in an 8" high 90 degree vertical position when deployed; support has no external inclined leg support or feature above 1.5"from ground; user
shall pull up in perimeter wall and it will spring into locked detent fully vertical position; to lower wall user pushes wall inward to overcome
detent lock and allows wall to lay flat to floor; no insertion, snapping, tucking or assembly required; open ends have tongue and groove
closures that form liquid tight seal with next modular section
Material:
Plastic polyurethane
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A523p0
