## NSN 4240-00-212-0484

Gas-particulate Filter Unit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4240-00-212-0484

Ac Frequency In Hertz: 60.0 Filter Type: Individual gas/particulate Operating Voltage In Volts: 115.0 Power Source: Electric motor Particulate Filter Model Number: Fhp7100 Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life: N/a
Filter Type: Individual gas/particulate Operating Voltage In Volts: 115.0 Power Source: Electric motor Particulate Filter Model Number: Fhp7100 Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Filter Type: Individual gas/particulate Operating Voltage In Volts: 115.0 Power Source: Electric motor Particulate Filter Model Number: Fhp7100 Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Individual gas/particulate  Operating Voltage In Volts:  115.0  Power Source: Electric motor  Particulate Filter Model Number: Fhp7100  Face Mask: Not included  Headpiece: Not included  Blower Assembly Usage Design: Indoor Installation Kit: Included  Tool Kit: Not included  Phase: Single Shelf Life:
Operating Voltage In Volts:  115.0  Power Source: Electric motor  Particulate Filter Model Number: Fhp7100  Face Mask: Not included  Headpiece: Not included  Blower Assembly Usage Design: Indoor Installation Kit: Included  Tool Kit: Not included  Phase: Single  Shelf Life:
Power Source: Electric motor Particulate Filter Model Number: Fhp7100 Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Power Source: Electric motor  Particulate Filter Model Number: Fhp7100  Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Electric motor  Particulate Filter Model Number:  Fhp7100  Face Mask:  Not included  Headpiece:  Not included  Blower Assembly Usage Design:  Indoor  Installation Kit:  Included  Tool Kit:  Not included  Phase:  Single  Shelf Life:
Particulate Filter Model Number: Fhp7100 Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Fhp7100  Face Mask: Not included  Headpiece: Not included  Blower Assembly Usage Design: Indoor Installation Kit: Included  Tool Kit: Not included  Phase: Single Shelf Life:
Face Mask: Not included Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Not included  Headpiece: Not included  Blower Assembly Usage Design: Indoor Installation Kit: Included  Tool Kit: Not included  Phase: Single Shelf Life:
Headpiece: Not included Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Not included  Blower Assembly Usage Design: Indoor Installation Kit: Included  Tool Kit: Not included Phase: Single Shelf Life:
Blower Assembly Usage Design: Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Indoor Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Installation Kit: Included Tool Kit: Not included Phase: Single Shelf Life:
Included  Tool Kit:  Not included  Phase:  Single  Shelf Life:
Tool Kit: Not included Phase: Single Shelf Life:
Not included  Phase: Single Shelf Life:
Phase: Single Shelf Life:
Single Shelf Life:
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T282-s
